Hatlen Heights Neighborhood Traffic Calming Study

Village of Mount Prospect
Public Works Department
NOVEMBER 2024

INTRODUCTION:

The Village is conducting a traffic calming study within the Hatlen Heights Neighborhood on Audrey Lane, Hatlen Avenue, Connie Lane and Bonita Avenue (see included study area map) and is seeking your input on existing traffic issues. In May of 2024, the Village Board adopted the Friendly Neighborhood Streets Program, a program that allows residents to submit a petition to request traffic calming measures be installed on their street to address traffic issues. Traffic calming is infrastructure designed to slow vehicle speeds or reduce the number of vehicles on a neighborhood street to increase safety for all users.

AUDREY LANE:

A petition from the 0 – 100 blocks of South Audrey Lane was submitted to Public Works in October of 2024. Traffic counts from 2023 were used and found the street to be eligible for the Friendly Neighborhood Streets Program. Once the street was found to be eligible, Staff reviewed and expanded to study area to include more streets in the Hatlen Heights Neighborhood, as changes on Audrey Lane could impact additional streets.

TRAFFIC CALMING PROCESS:

The traffic calming process can be found in the Friendly Neighborhood Streets Program on the Village website by searching “Traffic Calming”. We are currently at step 6, Initial Public Outreach. See timeline to the right. We are collecting public input on existing traffic issues in the neighborhood to make sure any proposed improvements address resident concerns.

PUBLIC INPUT
