

Good news! A new sidewalk will be constructed on the north side of Oakton Street, west of Elmhurst Road.

For updates, check out the project map:

<https://www.mountprospect.org/departments/public-works/village-infrastructure-projects/new-sidewalk-construction>

Introduction

The Village will be installing new sidewalk along the north side of Oakton Street, between the I-90 Tollway and Elmhurst Road, to fill in gaps in the sidewalk system. The project is scheduled to begin this fall and be completed by the end of the year.

What Kind of Work Will Be Completed?

In general, the progression of work will be:

- ☐ Survey of public right-of-way limits.
- ☐ Layout location of sidewalk using wood stakes.
- ☐ Excavation and installation of formwork for the new sidewalk.
- ☐ Installation of stone base for the new sidewalk.
- ☐ Pouring of concrete for the new sidewalk.
- ☐ Repair of driveway aprons affected during construction.
- ☐ Restoration with topsoil and sod of the parkway areas damaged during the construction activities.

**PLEASE DO NOT REMOVE THE
WOODEN LATHE WITH RED AND
WHITE RIBBON**

What About Access To My Business?

Access to your business will be maintained throughout the construction period. When installing a sidewalk across a driveway, it will be done in two phases, ensuring that half of the driveway remains open at all times.

Will services to my business be affected?

There will be no changes to your regular services, such as garbage pickup, mail delivery, or emergency Police and Fire services. However, there may be times during the day when construction activities temporarily block lanes. Please use caution when driving through the construction zone. If you have a sprinkler system, please notify the Public Works Department. Per Village Ordinance, it is your responsibility to temporarily relocate, reinstall, or repair any of these items during construction.

Project Information

A project web page has been created and can be found on the Village website at www.mountprospect.org under Departments, Public Works, Village Infrastructure Projects, Construction Projects, Roadway Improvements, and Oakton Street New Sidewalk Project. You can also scan the QR Code below.

Questions?

Please visit the project web page for updated information throughout the project. If you have any additional questions at this time, please do not hesitate to contact us.
